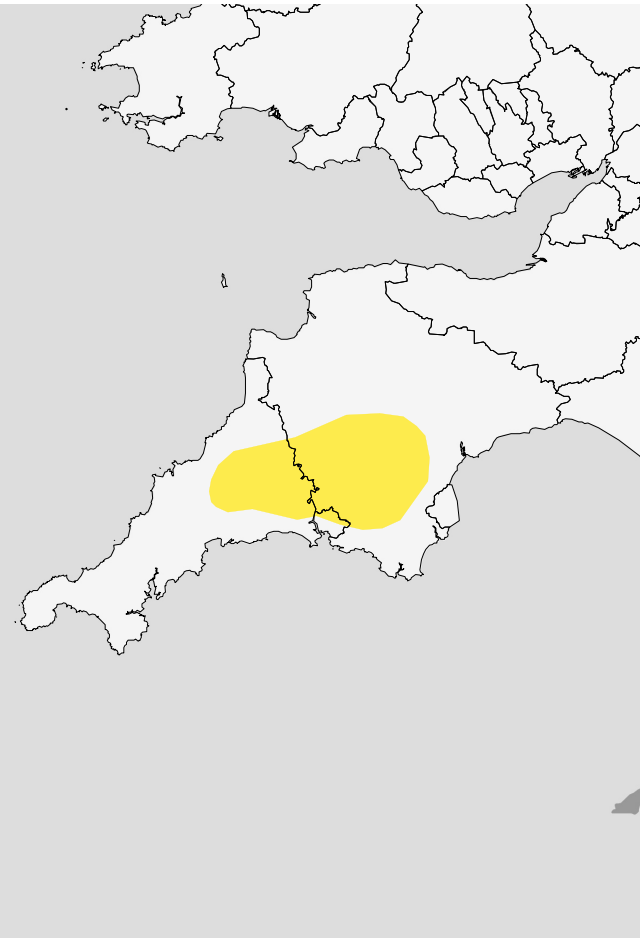
Yellow warning
Rain

Between
12:59 Fri 19 Feb 2021 and
20:00 Sat 20 Feb 2021



Persistent and at times heavy rain may result in flooding and disruption to transport and utilities.

What to expect

- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- There is a small chance of fast flowing or deep floodwater causing danger to life
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a small chance that some communities become cut off by flooded roads

Further details

The current band of rain is expected to become slow moving over western England through today and tomorrow.

Whilst many places will see a spell of heavy rain, high ground of southwest England around Dartmoor and Bodmin moor which are exposed to the south, will likely see the largest rainfall totals.

Here, some 70-100 mm of rain is possible, with the most exposed parts of Dartmoor potentially seeing up to 150 mm by the end of Saturday.

Very low likelihood of medium impacts
